ARGHHHHH!!

A dynamic illustration of a motorcycle falling from the sky. The bike is shown in mid-air, tilted at an angle, with its wheels and engine visible. Below the bike, a large, jagged, red speech bubble contains the text 'ARGHHHHH!!'. At the bottom of the image, the motorcycle is shown crashing into the ground, with a large, stylized 'RRRRRRR' sound effect written across the impact area. The background is a simple, light blue sky.

An aerial view of a city with a large, yellow, V-shaped structure in the center. The structure has two tall, narrow towers connected by a horizontal bar. The city is built on a hillside, with a river or lake on the left and right sides. The structure is surrounded by smaller buildings and roads.
